

Support Oregon Arts!

I urge your support for the proposed **HOUSE BILL 4124** aiming to **allocate \$25 million to bolster Portland's arts organizations**. These cultural institutions serve as vibrant hubs fostering community, creativity, and economic growth. The funds will sustain these vital entities, preserving jobs, enriching our cultural landscape, and attracting tourism. Investing in the arts isn't just an allocation; it's **an investment in our collective spirit, well-being, and the long-term prosperity of our city**. Supporting the resiliency funding in **HB4124** is supporting the economic engine of arts and culture in Oregon and will ensure the enduring artistic vitality of the state.
